I am transitioning into front-end development after completing several intensive, project-based training programs. I studied **Front-End Development** at **ReDI School of Digital Integration**, have completed extensive self-study in web development, and am currently enrolled in the **HackYourFuture Denmark Web Development program** where I have already learned **frontend and backend basics**.

Alongside my studies at HackYourFuture, I am seeking an internship to gain hands-on industry experience, contribute to production-level code, and further develop my technical skills in a professional engineering environment. My goal is to grow into a full-time web developer role and create high-quality, user-focused web applications.

PROJECT WORK

✓ ReDi final project - Expense tracker

Frontend Developer (HTML, CSS, JS)

[Live Demo](#)

[View on GitHub](#)

- A simple Expense Tracker that lets you log daily spendings, categorize expenses, view monthly total, and track your budget in real time.
- See expenses broken down by category with a visual bar chart (made with CSS).
- Implemented LocalStorage to store income and expenses information.

✓ Flappy bird game

Frontend Developer (JS)

[Play](#)

[View on GitHub](#)

- Built a browser-based 2D game inspired by Flappy Bird using JavaScript. Implemented game loop, gravity and collision logic, dynamic obstacle generation.
- Sound effects, and restart functionality.

TECHNICAL SKILLS:

HTML | CSS

JavaScript | React

Git | GitHub | npm

REST APIs | Fetch API | JSON | Node.js

EDUCATION

2025 - 2026 **HackYourFuture: Web Developer Bootcamp**

HackYourFuture is an 8-month, 30-hours-per-week web development program focused on hands-on learning, modern web technologies, and collaborative project work. The program provides real-world coding experience and mentorship from industry professionals.

2025 **ReDi School of Digital Integration: Frontend Developer**

2013 **Master Degree: Economics and Management (Business Valuation)** at Saint-Petersburg State Polytechnical University

WORK EXPERIENCE

2023 - Present **Operations/ stockroom Assistant**

Zara (Flagship Store), Strøget, Copenhagen

Ensure the smooth and efficient flow of merchandise and internal processes (backstocks, replenishments, deliveries, etc.) to support store performance and support overall performance.

Skills: Multitasking, Cross-functional communication, Data & Systems handling, Quality & Standards control, Teamwork in multicultural environment, Task prioritization and time management

2020 - 2022 **Relocation to Denmark**

✓ First Job Copenhagen course

✓ UCplus Language Center, Danish Languages Exam (Prøve i Dansk 3)

I relocated to Denmark on a family reunification base. I worked part-time to support my transition and actively learned Danish to integrate into the local community and expand my opportunities.

Skills: Adaptability & Flexibility, Integration, Self-Motivation & Organization

2018 - 2020 **English Tutor (online)**

2017 - 2018 **Client Service Specialist/ Administrator**

Saint-Petersburg Renovation, construction company (400+ employees)

Consulting the clients over the phone and in person, negotiations, writing replies to clients claims, handling the paperwork (preparing documents, editing and signing contracts), keeping the records of the client services department. Working with CRM (Microsoft Dynamics), creating guides and scripts for the client service team, collaborating with the legal department, and coordinating with engineers/technical department to resolve client issues.

Skills: Client Consultation & Communication, Problem Solving, Documentation & Contract Management, CRM (Microsoft Dynamics), Knowledge Sharing, Cross-Functional Collaboration, Administrative documentation, Complain management

2011-2016 **Appraiser (Real Estate)**

Over five years of experience in real estate appraisal, progressing from Appraiser Assistant to Appraiser. Conducted valuation of residential and commercial properties, performed market research and on-site inspections, prepared detailed appraisal reports, and coordinated approvals with banks. Worked closely with clients, handling consultations, contracts, and legal documentation, while applying strong analytical skills and extensive use of Microsoft Excel for calculations, data analysis, and reporting.

Skills: Real Estate Appraisal, Analytical Skills, Market Research, Microsoft Excel, Documentation
